

## What are St Basil's priorities for 2019-20?

Each year the school carries out a self-assessment to ensure that the school continues to improve. In our School Development Plan for 2019-20, we have identified the following areas for development:

- Continue to improve the teaching of reading to secure outcomes in both phonics and reading
- Embed the use of assessment to ensure accurate starting points for all pupils and improve outcomes in mathematics at greater depth
- Curriculum teams, subject leaders and teachers further develop our curriculum implementation so that it is securely embedded in all year groups
- Further develop the pastoral systems and team to continue to engage pupils with high needs
- Decrease the proportion of pupils with persistent absence  $\geq 10\%$
- Develop pupil's ability to build, maintain and restore relationships through restorative approaches
- Develop Governance in relation to individual Governor's specific roles and responsibilities
- Secure focused & purposeful engagement with pupils and parents of all families

'We love, learn and succeed following Jesus'
